

Tasmanian State Election

Hello again,

The countdown is on; it's almost time to vote.

Is government education a priority for you as you head to your polling booth?

We asked candidates how they planned to address our key areas of concern.

So, what did we ask them to commit to?

1. Making a financial commitment to fully fund Tasmanian state schools.
2. Addressing allied health and assessment shortfalls in state schools.
3. Creating an independent external maintenance and capital expenditure oversight board.
4. Urgently reviewing Year 11 and 12 education.
5. Providing reliable free bus travel to all state school students.
6. Providing before and after school care for all primary and district state schools that require it.

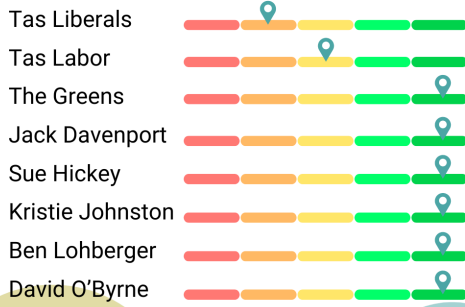

So, how do the candidates/parties compare on our priorities?

So how did they respond?

You'll find our report cards on [Facebook](#); feel free to share them with your parent community. Let's make government school education a priority; let's focus on ensuring that Tasmanian education is transparent, accessible, and fair.
